

Energy Performance Certificate

1 Pitcullen Gardens
Perth
PH2 7EJ

Dwelling Type : Flat
Date of Assessment : 19 November 2009
Date of certificate : 19 November 2009
Reference number : 6590-6086-0720-8093-1913
Total floor area : 33 m²

This home's performance is rated in terms of the energy per square metre of floor area, energy efficiency based on fuel costs and environmental impact based on carbon dioxide(CO₂) emissions.

The energy efficiency rating is a measure of the overall efficiency of a home. The higher the rating, the more energy efficient the home is and the lower the fuel bills will be,

The environmental impact rating is a measure of a home's impact on the environment in terms of carbon dioxide (CO₂) emissions. The higher the rating, the less impact it has on the environment.

Estimated energy use, carbon dioxide (CO₂) emissions and fuel costs of this home

	Current	Potential
Energy use	1244 kWh/m ² per year	1063 kWh/m ² per year
Carbon dioxide emissions	6.2 tonnes per year	5.3 tonnes per year
Lighting	£18 per year	£18 per year
Heating	£678 per year	£554 per year
Hot water	£292 per year	£292 per year

Based on standardised assumptions about occupancy, heating patterns, and geographic location, the above table provides an indication of how much it will cost to provide lighting, heating and hot water to this home. The fuel costs only take into account the cost of fuel and not any associated service, maintenance or safety inspection. This certificate has been provided for comparative purposes only and enables one home to be compared with another. Always check the date the certificate was issued, because fuel prices can increase over time and energy saving recommendations will evolve.

To see how this home can achieve its potential rating please see the recommended measures.

Remember to look for the energy saving recommended logo when buying energy efficient products. It's a quick and easy way to identify the most energy efficient products on the market.
